TEKSOUTH

TURNING DATA INTO DECISION ADVANTAGE.

For more than 40 years, Teksouth has helped organizations transform disconnected data into actionable intelligence that drives smarter decisions, faster operations, and measurable business outcomes.

40+ YEARS proven experience delivering results

99.999% UPTIME with EntelliFusion™

100% FOCUSED on delivering data-driven outcomes

YOUR DATA IS TALKING. WE HELP YOU LISTEN.

Data lives everywhere–ERPs, CRMs, spreadsheets, cloud apps, R&D/testing, and legacy systems.

We unify it all through advanced analytics, AI, automation, and our EntelliFusion™ platform.

CONNECT
Unify Siloed Systems
- ERP, CRM, Legacy Systems

WHERE WE CREATE IMPACT

FINANCIAL INTELLIGENCE
Accelerate close cycles, improve forecasting, and provide leaders with near-real-time visibility into performance.

AI AND ADVANCED ANALYTICS
Move beyond reporting with predictive models, machine learning, and intelligent decision support.

OPERATIONS AND SUPPLY CHAIN
Gain complete visibility across assets, inventory, logistics, and operational workflows.

REVENUE AND CUSTOMER GROWTH
Connect customer, sales, financial, and operational data to drive growth and improve retention.

BUSINESS INTELLIGENCE AS A SERVICE

ONE PLATFORM. UNLIMITED INSIGHT.

EntelliFusion™ is our Business Intelligence as a Service platform that unifies enterprise data into a secure, real-time analytics environment.

- FASTER INSIGHTS, FEWER REPORTS
- RESULTS IN SECONDS, NOT HOURS
- REDUCED STORAGE & INFRASTRUCTURE COMPLEXITY
- SECURE CLOUD, HYBRID OR ON-PREM DEVELOPMENT
- SCALABLE ARCHITECTURE BUILT FOR GROWTH

Teksouth helps clients alleviate Data Stress.
